

ENHANCING LIVES THROUGH DESIGN

# MandiCasa Cabinetry Selected for Luxury Multifamily Project in Sonoma County, CA

MandiCasa has been chosen as the cabinetry brand for **Canopy at Mill District**, a community of 43 exclusive residential units in Healdsburg, one of the most coveted destinations of California’s famous wine county.

Our company will provide cabinets from the [YOTA collection](#) for **kitchens, bathrooms, and laundry rooms**. Homeowners will also be able to add MandiCasa walk-in closets.

Designed by world-renowned **architecture firm Olson Kundig**, Canopy is a celebration of craftsmanship and materiality where interiors flow seamlessly to stunning outdoor spaces atop a grove of preserved redwood trees. The units will range from \$925,000 studios to expansive penthouses starting at \$7.2 million.

For the cabinetry, buyers will have a choice of four Oak finishes - from light to darker shades - thoughtfully selected to complement the surrounding vistas and create a visual continuum from the indoors, out.

The cabinets are 100% Made in Italy with California Air Resources Board Phase II (CARB2) certified ecological panels in compliance with the strictest formaldehyde emissions restrictions. All wooden parts are sourced from forests managed to high environmental, social, and economic standards.

“When we first heard of the vision for Canopy, the multitude of synergies between our two brands made it very clear what a natural fit this project was,” says **MandiCasa CEO Alberto Snaidero**.

“We both know the integral role of design in cultivating a relaxed yet luxurious lifestyle, and above all, how sustainability must be central to it all. We’re honored to be part of a project with the same ecological ethos. Canopy truly sets the bar – demonstrating how luxurious design and sustainability can coexist beautifully.”

**Developer:** re:play | **GC:** The Weitz Company | **Renderings:** Molt Studios
