STATE-OF-THE-ART  
ESSENTIALS AND EXTRAS  
FOR KITCHEN  
DOMINATION

RIGHT: There are cabinets and then there are cabinet systems by **SIEMATIC**. The brand's latest storage innovation comes in a gray tone with seemingly endless ways to customize the interior. [siematic.com](http://siematic.com)

RIGHT: Featuring no handles and a super-thin worktop, the +Segmento collection by **POGGENPOHL** offers a purist approach that's ideal for our current obsession with dark kitchens. [poggenpohl.com](http://poggenpohl.com)

The Palo open storage system by Dario Snaidero for **MANDICASA** offers multiple assembly options with a mix of wood shelves, metal trays, and accessory bars. [mandicasa.com](http://mandicasa.com)

ABOVE: The **AGA** Classic range may look vintage, but it boasts all the trappings of modernity: precise temperature control, the latest materials, and insulated design to preserve the integrity of the foods being cooked. [agarangeusa.com](http://agarangeusa.com)
