

ENHANCING LIVES THROUGH DESIGN

Dario Snaidero Introduces 3 New Kitchen Cabinetry Designs To The MandiCasa Collection

These new styles of luxury kitchen cabinetry showcase the artistry and attention to detail that define MandiCasa's Made-in-Italy designs.

RIGA

Riga is a line of ribbed wood cabinetry; the result of a detailed 3D manufacturing process. The ribbed surface plays with light and shadows, bringing a sense of movement to the cabinets and elevating the tactile and visual experience of the kitchen.

The choice between a push-pull opening or a round groove with easy grip eliminates the need for visible handles, providing modern functionality while maintaining the integrity of the ribbed doors.

Riga is available in a range of light and dark woods, including flamed oak finishes, walnut, and a richly-toned thermal-treated oak.

DIAMOND

Sophisticated and essential, the **Diamond cabinets** are made with state-of-the-art machines to bring you designs that are impeccable in both function and aesthetic. The cabinets blend clean lines and refined details, with the unique handle integrated within the door and combined with a flat or round groove.

You can choose matte or embossed lacquers to highlight the minimalism of the cabinets, or one of our new Technolac Lux lacquers to give texture and depth to the doors. Made with a metal base, the innovative Technolac Lux finishes produce scratch-resistant, 3D surfaces that play softly with the light.

SKYLINE

The **Skyline cabinets** combine different materials in a single, expertly crafted element. The structure of the cabinet doors is in black anodized aluminum while the fronts bring the kitchen to life through the choice of three materials: Gres, Corian, and Tempered Glass.

- **Gres:** The stoneware look gives grace and character to the kitchen. The material is recyclable and resistant to chemical agents, scratches, and high temperature.
- **Corian:** This solid, non-porous finish combines aesthetic beauty, reliability, and easy maintenance.
- **High-Resistance Tempered Glass:** Polished, satin, and metallic finishes bring luminous reflections to the kitchen cabinets.
